BAY ST. LOUIS, MISSISSIPPI, SATURDAY, FEBRUARY 23, 1925.

34TH YEAR—NO. 9.

GRAND JURY REPORT FOR HANCOCK COUNTY. HAND-BOOK MAKERS ON HORSE RACES SCORED

The Stat. of Mississippi, Hancock County.

To Honorable D. M. Graham, Circuit Judge:

We, the grand jury empaneled at and for the regular February, 1925, term of the Circuit Court, in and for Hancock County, beg to make this report:

We have been in session four days, have examined 13 witnesses and have returned 11 indictments. We have examined the courthouse and jail and find same to be in good condition and well kept. The books and accounts of the public officials are correct, so far as we are able to tell from our examination.

We find that the sheriff and other great deal of betting on horse racing for to enforce the laws throughout the county, and especially the prohibition law, but we also find that there has been of late considerable drinking, cursing and other disturbing conduct at and around public places and at public entertainments, and we respectfully call the attention of the sheriff and other peace officers to same. And we recommend that the county officers and the officers of the city of Bay St. Louis work and co-operate together in their efforts to enforce the prohibition law, as we believe that better results will be had by such co-operation.

We are informed that there is a great deal of betting on horse racing in the county, and that hand books are being made in said county on the races now being conducted in New Orleans, and that bets are being placed daily by both men and women. We have not had sufficient direct evidence to warrant the returning of indictments at this time, but we ask that the sheriff and other peace officers of the county give this matter their attention.

It is our pleasure to report that the justice of the peace in the county are rendering valuable service and are saving the taxpayers considerable money by disposing of cases in their respective courts and by their vigilance in enforcing the criminal laws. The good work done by the justices of the peace during the last six months has lessened the work to be done by the grand jury. We desire to thank your honor for your interesting and instructive charge and, now having completed our labors, we ask that we be finally discharged.

Respectfully submitted,
(Signed) H. A. DANDRIDGE,

ROCKS' RUMPUS ASSURES "DIXIE FLASHES" JOURNEY

To Chicago Next Month For Basketball Tournament—Benefit Entertainment Sunday Went Over Big—Larose's Adonises and Jones' Sheiks.

Sunday, February 22nd, was another brilliant day for the history of good old Bay St. Louis, and a feather in the cap of its citizens and other willing helpers who journeyed over for the occasion.

Again manifesting the same spirit of loyalty and devotion to their athletes, the friends of old Stanislaus rallied to the Cardinal and Black on Sunday last and with a determination that nothing could shake went over the top in the bazaar known as the "Rock-a-Chaw Rumpus."

When Sunday dawned the prospects for a full day looked rather gloomy, a thick fog hung over the town as a pall and presaged anything but a perfect day. By noon, however, the fog lifted, and so did the spirits of the workers. Many willing and eager hands set up the different games, tables, etc., and it was not long before the crowd came filtering in, every one anxious to do his or her utmost towards success.

The feature of the afternoon was a game of basketball between the Larose Adonises and the Jones Sheiks. The game went through two full fifteen minute periods and was fought out from beginning to end with all the desperation of a pirate battle on the Spanish Main. No Nelsons and Scissors being the order of the day. At one time the scribe noticed a new stunt that came near working: Adonise Scaffie and Sheik O'Neil were to jump the ball on the side line. Scaffie noticed that he'd have little chance reaching it, so he leaped around O'Neil's neck and started to bite the long Sheik on the ear, but it was too high for him to reach and Referee Wuzza Krook yanked him down.

In the reports to the metropolitan press Sheik Mann was given great credit for his floor work; his dribbling was of a class by itself; his "back" was a masterpiece. Adonise Larose's passwork was noteworthy, but some "yam" left the networth, at home. Old Slueth vamped the basket and they were inseparable companions. Sheik Red Erwin's longshots were unfortunate in not getting in the money. Sheik Cue and Adonise Engman, competing in the Marathon, running a dead heat. All Adonises Arceneaux positions were couple of sawed-off shotguns. Adonise Scaffie would have played a faster game, but some body whispered to him that his bride seriously objected to his being "forward"—she has no use for a forward man.

The sub-editor of this institution herewith appends the copy of the score that the official scorers clipped from a Met. Daily. As the grand jury is now in session the afore said Sub-Ed. desires to go on record as pleading Not Guilty to the charge of editing the box score. Izza Krook compiled the tragic masterpiece, whether it is, is, or isn't:

Sheiks	Eg. Fig. Fc.
Jones, J.	6 0 0

O'Neil, J.	0 0 4

Arceneaux, G.	0 2 0
Quintini, G.	0 2 0
Totals	0 12 0

Officials: Wuzza Krook, referee; Izza Krook, scorer.

Immediately after the strenuous game, which ended in a tie, 12 all, the floor was cleared and like magic the various games were put in position again. The crowd throngs hummed about them; the loud cries of the candy and cake ballyhoos resounded throughout the big edifice, the whirr of spinning wheels mingled with the joyous laughter of the happy youngsters, were punctuated by the whang of the balls as they slammed the "Nigger Babies." Hungry mouths found the various good things ranged along the wall, where coffee, sandwiches and whatnot filled many voids, working the fair vendors overtime.

When the hands of the clock pointed to the hour of seven, the St. Stanislaus Orchestra took their positions, the floor was quickly cleared and at the tap of the drummer's baton the merry dancers took charge, the fair and gallant then held sway till ten o'clock, punctuated now and then by some insistent auctioneer putting a cake on the block, which was readily bought in order to allow the dance to proceed.

As the hour for festivities came nearer and nearer, the smile on Brother Peter's face broadened and his happy eyes flashed their joy when he cried, "Wuzza, We're Over the Top!" It is not an act, just at this writing, to give out any sum with a degree of certainty, but we DO KNOW that the thousands of dollars necessary to send the Fighting Rock-a-Chaw team to the Chicago National Tournament at Chicago, in March, is ASSURED FACT. Our team of last year, not with the champions.

REV. J. A. GMECH READS RULES.

Gives Bishop's Lenten Season Regulations, General Law of Church and Dispensation—Law on Fast and Abstinence. General Remarks.

Sunday, preceding the Lenten season, Rev. J. A. Gmech, pastor of local Catholic churches, read the Lenten Regulations for the Diocese of Natchez, giving the general law of the church and special dispensations allowed to use by virtue of indulgences received from the Holy See. Laws of fast and abstinence follow:

(A) Fast Days—Every day of Lent is a fast day except Sunday. 1. The law of fast permits for breakfast, a small piece of bread, with a cup of coffee, tea, chocolate or cocoa; for dinner, a full meal of supper, something like a lunch of eight ounces. The principal meal may be taken in the evening and the lunch at noon.

(B) Abstinence Days—The Wednesdays and Fridays of Lent. 1. The law of abstinence binds all persons who have completed their seventh year.

2. Dripping and lard may be used in cooking and seasoning.

(C) Fish and Shellfish may be taken at the same meal.

(D) The use of eggs, milk, cheese and butter is allowed every day in Lent.

(E) Both fast and abstinence cease at noon on Holy Saturday.

(F) The time appointed for the Easter Duty is from the First Sunday of Lent to Trinity Sunday, March 1 to June 7.

DISPENSATIONS.

1. By virtue of an indulgence granted to the bishops of the United States, we dispense all workingmen and their families from the law of abstinence, except on all the Fridays of the year, Ash Wednesday, the morning of Holy Saturday and the Vigil of Christmas.

2. Soldiers and sailors in active service, and their families staying with them, are also dispensed by the Holy See from the law of abstinence, except on Ash Wednesday, Good Friday, the morning of Holy Saturday and the vigil of Christmas.

GENERAL REMARKS.

1. The faithful are urged to attend mass daily, to receive Holy Communion often, and to attend the special Lenten Devotions which pastors will arrange for Sunday, Wednesday and Friday evenings.

2. Catholics are urged to remember and to realize that "service and sacrifice" are individual obligations; that there is no dispensation from "penance, prayer and almsgiving," and that our great business is to "work out our salvation."

3. Three collections are to be taken up during Lent.

(a) For Indians and negroes, on the first Sunday of Lent.

(b) For the Holy Land, on Good Friday.

(c) For the education of priests, on Easter Sunday (by envelope).

R. O. GERROW, Bishop of Natchez.

ENTERTAINMENT AT R. W. WEBB SCHOOL.

A Valentine entertainment was given at the R. W. Webb School, under the auspices of the Webb L. T. A. The fund raised will be used to purchase maps.

The following program was rendered by the pupils:

The Valentine Shop—David Livingston, the shopkeeper. The four fairy helpers: Ethel Livingston, Lucille Plae, Victoria Kuagliardo and Lottie Mae Heitzman.

Valentines—By the boys and girls. Johnny's Valentine—Esther Pogue. The Best Valentine—Four boys and girls.

The Valentine Maker (a song)—By primary room.

"The Knight of the Funny Bone," a playlet, was given by the pupils of fourth, fifth and sixth grades, with Nolan Ladner, king; Ruby Tomasiach, queen; Zola Osbourne, Dan Cupid; Charlene Manning, the Knight of the Funny Bone, and Cecil Crawford, Downey Moulder.

Due to Mrs. H. U. Carty's illness, Mrs. W. T. McDonald assisted with the musical part of the program.

MISSISSIPPI GRAND LODGE OF MASONS ELECTS OFFICERS

Tom Q. Ellis, of Water Valley, Is Youngest Grand Master Ever Named in State—List of Grand Officers Elected—Were Duly Installed.

The feature of interest to the Masonic grand officers and members as usual on such occasions, following the annual address of the grand master for the election of officers, at Jackson this week, and there was no surprise felt at the promotion of Tom Q. Ellis, of Water Valley, senior grand warder, to the grand master's chair, according to precedent, the occupant of that chair is always advanced from a lower station and incidentally the man who will head the Grand Lodge during the ensuing year is about the youngest to be so honored in many years, in Mississippi at any rate. The following is a complete list of grand officers elected, who were installed with impressive ritual ceremonies by Grand Master Riley, on Wednesday:

C. Q. Ellis, Water Valley, grand master.

John R. Talley, Hattiesburg, senior grand warder.

H. Johnson, of Clarksdale, senior grand warder.

L. Lloyd Decall, of Jackson, grand chaplain.

Edward L. Faucett, of Meridian, re-elected grand secretary.

L. M. Moody, of Meridian, re-elected grand treasurer.

J. Wright Williams, of Houston, re-elected grand lecturer.

J. C. Gable, of Louisville, re-elected grand tyler.

CITY TO HAVE CURB MARKET.

Bay St. Louis Women's Study Club Fostering Movement—Will Be a Medium of Local Truckers to Dispose of Products—Location Given.

The Women's Study Club of Bay St. Louis, composed of twenty-five members from the ranks of representative women, will establish a curb market in this city. This is the announcement made by the club and which will go out in a day or two to the public in the form of a letter, signed by Mrs. A. F. Fournier, chairman of the committee in charge of the project.

It is noteworthy that the Hotel Weston, always alive to every local interest and project, has donated the use of the vacant lot on the corner of Second and Court street, for the purpose.

Who is eligible to sell at the curb market stand will be the natural query. This is answered by the announcement that any Mississippi farmer is eligible to sell his own produce at the curb market, and without a license. By farmers is meant farm women as well as the truck growers, and by produce is meant all vegetables, fruit, chickens, eggs, butter, cheese, syrup, honey, jelly, preserves, nuts, canned goods, in fact, anything produced by the man and woman farmer.

It is interesting to note the market will be opened every Wednesday and Saturday, from 7 o'clock a. m. until 12 o'clock, beginning March 18th.

"The reason for the curb market," says Mrs. Fournier, chairman, "is to establish a closer relationship between the producer and consumer. The farmer will not have to peddle his goods; a greater demand will be created for all farm produce, and there will be co-operation at the Bay St. Louis curb market."

DEATH OF ALBERT G. KALINSKI.

Albert G. Kalinski, one of the best known conductors on the passenger service of the Louisville and Nashville Railroad, and well known in Bay St. Louis, where he formerly resided, died at his home in New Orleans, Wednesday morning at 11:45 o'clock, a native of New Orleans, aged 52 years. The funeral took place the following day from the late residence and from room "A" in the Masonic Temple, the funeral under the auspices of that fraternity.

He is survived by his wife, Miss Rosina Harrison before her marriage, and children, also by one brother, of Chicago, and a sister, Mrs. E. J. Leonard, of Bay St. Louis.

Mr. Kalinski was well and popularly known and the news of his demise will be received with genuine regret by all who knew him. Particularly in Mobile, Bay St. Louis and New Orleans, residing at different times in all three places. He was ill for quite a while from a heart affection, and from time to time suffered severe attacks. He was a capable man, of a genial disposition and of a character that endeared him to all who knew him best. His passing away is noted with much regret.

Yours very respectfully,
Your old time pupil,
HAROLD CASE.

KILN ACTIVITIES.

Miss Lorine Curet, attended Carnival in New Orleans this week with her mother and sister.

Miss Peebles, of Seminary, is the new employee of the Kiln Mercantile Company. We welcome her to our community.

Will Elia, a negro, was tried by Judge Fuentle last Saturday for running into Mr. Oliver Ladner and tearing up his car pretty badly. He was fined \$10 and costs. He was arrested by Mr. A. Depero, constable.

KILN SCHOOL ITEMS.

The student's of the Kiln School regret very much to know of the illness of their principal, Mr. S. P. Powell. We are all hoping for him a speedy recovery.

Kiln School is working diligently for Field Day and expect to win the loving cup. Mr. Arnold, of Logtown, will be in charge of the examinations to be given here Saturday.

The P. T. A. meeting will be held here Thursday evening, February 26, and an interesting program has been planned.

The campus is showing a decided improvement since our agricultural boys are working in joint efforts to beautify our school grounds. The grass is up and beds of flowers are being set out. The gardeners and zinnias are up now.

REPRESENTATIVE AUDIENCE ADDRESSED LAST NIGHT BY W. J. GEX IN INTEREST OF CITY.

Pursuant to a call for a mass meeting, issued by W. J. Gex, chairman of the executive committee, an organization created to devise ways and means to hard surface the streets of the city of Bay St. Louis, a representative assembly of ladies and gentlemen of the city gathered last night at the courthouse to hear Mr. Gex, spokesman for the committee.

He gave interesting data and figures concerning assessments and taxation and told what the city paid to the county and that in return the city only received a small portion. The injustice of it all was told impassionately and went home to every listener.

The gist of the meeting was to have representation before the Board of Supervisors on next Tuesday morning, at 10 o'clock, when that body would be asked for the full extent of money it can give this city towards the project of hard surfacing streets. That full extent is \$180,000, originally promised Bay St. Louis, and which by a recent order was cut to \$100,000. It is the intention to ask the Board to reconsider its action and to give Bay St. Louis the full amount, which since Bay St. Louis proportionately pays the bulk of the taxes into the county treasury, and in return has never asked for one cent, has never received special consideration. In view of the fact Bay St. Louis has voted to give the county over \$400,000.00 for country roads, we now in turn, with every reasonable feeling, will ask for the balance of \$180,000 available, and it is reasonable to expect the Supervisors will agree to the wishes of Bay St. Louis taxpayers.

Mr. Gex received hearty response. The logic of his address was not only appealing but compelling, and on next Tuesday morning it is expected a very lady and gentleman who has the best interest of Bay St. Louis at heart will appear with Mr. Gex, who will be spokesman, and appear before the Board in quest of the maximum amount of money.

Several questions were asked from the audience and brought forth much information our people seem not to be acquainted with. Mr. Gex has no interest in the matter; nor other than he is a citizen and as such is taking the executive end to accomplish a matter that, as was stated, is now or never. It seems to be the turning point in Bay St. Louis and the hope is expressed the object aimed will be accomplished. There is every confidence reposed in our supervisors the request will be met, coming as it does from the taxpayers of the city of Bay St. Louis.

VISITOR LIKES OUR TREATMENT.

Week-End Visitor From Natchez to College Is Enchanted With Way We Do It in Bay St. Louis—Has New Idea of College Management.

Natchez, Miss., Feb. 24, 1925. Dear Brother Macarius:

After spending Sunday night and part of Monday morning in Woodville, having given out of gasoline, we finally arrived home safe and sound.

Believe me, I sure did hate to make my departure from your grand and glorious school. That is the best place ever. It is no wonder that your school and the Red Rock-a-Chaw were awarded that sportsmanship cup in the "Windy City" last year.

The boys, girls and ladies, and all those who made the trip to the Bay, are still speaking in high praise of the kind treatment that was accorded them. I, for one, am doing my best to let the Natchez people know that they are forced to take a pack seat when it comes to the art of making one feel at home and treating visitors like princes.

Never before have I seen a school treat another visiting team as well as we were treated by you and your boys and the other Brothers of the Sacred Heart. Southern hospitality must surely have originated on the Gulf Coast and at St. Stanislaus College.

Before coming to the Bay I had a very bad opinion of colleges. I thought they were merely parking places for a pack of "felly beans" and "cake eaters," and a place where boys went to dodge work and have a swell time.

But after staying the few days that I stayed at St. Stanislaus, I am fully convinced that your school is one cut of a million. Every boy there is a regular fellow and I don't mean perhaps. Never were we better treated, and I wish right here to thank you especially. I will let you know when all the New Orleans fellows come home and will try and keep you well supplied with all local happenings through the Democrat.

I'm sending by special cover a paper about the trip. Write me if you can spare the time, as I'm always more than glad to hear from a real blooded sportsman and my former teacher.

Yours very respectfully,
Your old time pupil,
HAROLD CASE.

FATHERS, MOTHERS AND GUARDIANS MAY Vote For New School Trustees.

(Weekly News Letter From W. F. Bond, State Superintendent.)

On the first Saturday in March, which this year will be March 7, at 2 p. m., the patrons in every consolidated and rural school district are supposed to meet at the school house for the purpose of electing one trustee for a term of three years. No one can serve as trustee unless he, or she, is of good character, a patron of the school, able to read and write, and eligible to vote in the election of trustees.

But the father and mother may vote this time in the election of trustees. A legal guardian, or guardian of children of school age may also vote. In fact, all parents or legal guardians of children who have been patrons of the school this session or are bona fide residents of the school district, may vote in the election of trustees.

Parents who have lived in the school district for one year prior to the date of the election of trustees, whose children will become of school age between now and September, are eligible to vote. People moving into a school district after the close of the school are not eligible to vote, although they may have children of school age.

The meeting of the patrons should be organized by the election of a chairman and secretary and the voting should be done by ballot. The hold-over trustees should have a list made out of all the men and women entitled to vote. No proxies will be allowed. The principal teacher of the school shall announce to the school the date of holding the trustees' election during the week preceding the election.

Teachers for the next school year cannot be elected till after the election of trustees.

It is noted with more than ordi-
nary interest the Illinois Central

system of confiscation by far fails
to synchronize with our popular
form of government. It is a hope-
ful sign, the latest utterance from
our President.

Bay St. Louis wishes to congratu-
late our Coast sister city across the
Bay, Pass Christian, on the splendid
program of hard-surfacing streets
now in process. It is a stroke of en-
terprise and master effort in econ-
omy. In Bay St. Louis we will have
an actual proof of economy in the
paving of Main street regarding
maintenance. There could be no
better demonstration. Pass Chris-
tian of late has taken notable strides
resulting from noteworthy strokes.

Charles Ringling & Bro., of Ring-
ling Bros. circus fame, announce the
immediate building of a twelve-story
hotel, to cost \$1,000,000, at Sara-
sota, Florida. The owners are per-
sonal friends of J. N. Wisner, of Bay
St. Louis, and the history of how
Ringling came into possession of the
property at Sarasota under unusual
circumstances and when land had lit-
tle value and prospects were any-
thing but colorful, sounds like ro-
mance. Nevertheless, it is true and
the Ringling Bros. are developing
Sarasota into a great resort.

OBSERVANCE OF LENT.

The Lenten season, which is ob-
served by the Roman and Greek
Catholic churches, as well as in some
degree by the Church of England,
the Protestant Episcopal Church in
America and others, began on last
Wednesday, and will continue until
Easter Sunday, April 12, a period of
forty days, not counting Sundays.

In the early years of the Christian
era the first of Lent was observed
for varying periods, by some only
one or two days and by others for a
longer time, according to the writ-
ings of Irenaeus, Greek Bishop of
Lyons, in the second century.

Pope Leo I, in the fourth century,
recommended the fast of forty days
as having apostolic authority. This
period was taken to commemorate
the forty days' fast of Moses, of
Elijah, and especially that of Christ.

Theoretically, at least, the faithful
abstain from food on fast days until
evening, worldly amusements and
secular celebrations are to be avoid-
ed and marriages are held to be un-
desirable during Lent.

The duty of fast is modified with
respect to laboring people, children
and women under certain conditions,
but increased diligence in works of
charity is enjoined upon all, as well
as extraordinary attention to all re-
ligious observances throughout this
period.

A FORTUNE OUT OF AIR.

Shortly after the close of the Civil
War a young inventor, just past 21,
endeavored to interest old Commodore
Vanderbilt in a new brake for
railroad trains, to be operated by
compressed air.

After listening with impatience to
the proposition, the Commodore asked
whether the inventor really meant
that he could stop a rushing train
with nothing but air. He was an-
swered in the affirmative.

"Then get out of here," he said.
I have no time to waste on fools."
The young inventor was George
Westinghouse, who shortly after-
wards perfected his air brake, and
after many discouragements suc-
ceeded in placing it on the market.

To make his triumph complete, the
first big order for the new Westing-
house air brake came from Com-
modore Vanderbilt.

This invention and others made
Westinghouse a fortune and when he
died in 1914 he was rated among the
wealthy men of America, the use of
his air brake becoming almost uni-
versal.

His early struggles were typical
of those of many other young men with
an idea and nothing else, but he was
more fortunate than most of them.
He did ultimately reap the rewards
of his genius, while many inventors,
through lack of business ability, are
defrauded out of theirs.

FASHION IS CRUEL.

Commander Edward Breck, of the
Naval Reserve Force, and Mrs. Min-
nie Madden Fiske, the eminent ac-
tress, are leaders in a movement to
suppress the extreme cruelty of trap-
ping fur-bearing animals in steel
traps and other non-killing devices.

According to Commander Breck,
who is a famous woodsman and au-
thor, as well as a humanitarian, 100
million wild animals are caught each
year in cruel steel traps, in which
the helpless creatures often suffer
days and even weeks of agony be-
fore being killed.

He declares that the summer fur
fashion among women is responsible
for most of this unnecessary cruelty,
having increased the slaughter of
fur-bearing animals four-fold al-
ready. Not more than 10 per cent
of the animals now tortured in steel
traps are needed to supply the de-
mand for cold weather garments.

Trapping by means of devices
which either kill swiftly or capture
the animals without maiming them,
thus making it possible to kill them
in a more humane manner, is consid-
ered legitimate and an economic
necessity, but the pitiless methods
now employed are such as to cause
revulsion on the part of every hu-
mane person.

People all over the world sym-
pathized with Floyd Collins, trapped
and dying by inches in a Kentucky
cave, and it is to the credit of hu-
manity that his tragic fate so moved
their feelings.

Might we not also have some com-
passion for the poor, dumb beasts,
which die by the millions in an iden-
tical manner?

LOST SUCCESS SECRET.

When Thomas W. Lawson died a
few days ago, at the age of 67, there
passed from life's stage one of its
most spectacular actors—a man who
had made and lost several large for-
tunes in the stock market.

He made \$40,000 in a pool of rail-
road stock before he was 17. He lost
this, but more than made it back be-
fore he was 20. In his career as
banker and broker it is estimated
that he made more than fifty million
dollars at various times.

He was quite an author. In 1888
he wrote a book called "Secrets of
Success," and for several years it ap-
peared that no one was more capable
of explaining these secrets than he.
But finally his luck deserted him and
he died in poverty.

We do not know much about the
secrets of success, but we do know
the secret of Lawson's ultimate fail-
ure. He was a gambler. He gam-
bled for big stakes, and while he
often made tremendous winnings
through his stock manipulations, he
finally lost—as all gamblers do if
they play long enough.

GOOD MOVE BY LAWYERS.

If members of the American Bar
Association really want to effect the
recently announced intention of sim-
plifying the language of laws and
legal documents, they will earn the
gratitude of the public.

Everyone knows that our law
books and legal records are cluttered
up with useless words, which tend
only to confuse and obscure the ideas
they are supposed to convey.

It seems that the old policy has
been to make laws as difficult to un-
derstand as possible, so that only a
lawyer is able to make sense out of
them, while half the time lawyers
disagree, and the result is a law
suit.

Striking archaic and superfluous
words and phrases from future legal
documents would be a most salutary
and timely reform.

She—I see in the paper that a
certain lawyer has been making a
big thing out of the fact that he has
been a member of the American Bar
Association.

OUR CONGRESSMAN VOTES AGAINST MEASURE.

Congressman T. Webster Wilson,
of the Sixth District of Mississippi,
voted against the increase in salaries
for members of Congress, the vice
president, speaker of the House and
members of the cabinet. He said he
could not vote to increase the salar-
ies of congressmen for the reason
that he did not believe that in doing
so he would be keeping faith with
the people who elected him. "It is
not in accord with the economy pro-
gram of our government, and I in-
tend to do everything possible, con-
sistent with the right, to reduce the
burden of taxation now resting so
heavily upon the shoulders of our
people."

SHAME, MISSISSIPPI LEGISLA- TURE!

Balto, canine hero of the race to
Nome, not only delivered the anti-
toxin to that beleaguered town and
got his picture in the papers—but
inspired sundry American editors to
dig up and republish Senator Vest's
eulogy on the dog—New Orleans
Times-Picayune.

And yet it was the Mississippi
Legislature that put the dog, most
best friend, on the tax list. How-
ever, it must be stated, in all justice,
there is a healthy sentiment to re-
peal the act.

Our Bay St. Louis visitors to Flor-
ida recently tell of interesting de-
velopments and values in the Penin-
sular State. This is the making of
so much interest of the things we
hear from that section. But, on the
other hand, the climate and oppor-
tunities of the Mississippi Gulf Coast
by far outclass Florida, even though
comparisons are odious. One gen-
tleman says at Miami he ate break-
fast with his light overcoat on, an-
other said it rains there considerably
and a heavy shower comes without
warning. Another says the seasons
are without change, only morning,
noon and evenings are distinctions
that break the monotony of normal
meteorological conditions. Some
day a great discovery is going to be
made. And it is going to be the Mis-
sissippi Gulf Coast.

NEGRO TESTIFIES IN SUIT FOR \$102,360 AGAINST G. S. LUMBER CO.

New Orleans, La., Feb. 18.—Sol
Darius, negro, took the witness stand
for cross-examination today in his
suit for \$102,360 against the Great
Southern Lumber Company and sev-
eral Bogalusa citizens for damages
he claims were caused by riots when
his home was wrecked during the la-
bor troubles of 1919.

Darius related yesterday in federal
district court how he incurred the
enmity of several persons because
of his refusal to oppose unionization
of negroes who were replacing unionized
white mill hands. He was head of a
union of negro mill workers.

The negro told of how he saw the
mob forming to attack his house and
from concealment heard their prelimi-
nary speeches and plans.

So far as we are concerned, it's a

One thing about the radio, it never

The average woman believes that
when her husband begins to preach

Right now our idea of a get-rich-

Most citizens realize that family

THE ILLINOIS CENTRAL AND THE GULF COAST.

Here is what Editor Rand, of the
Neshoba Democrat, has to say of the
South Mississippi railroad merger:

News dispatches state that the Illi-
nois Central has bought the Gulf and
Ship Island, and has leased for a long
period of time the A. & V., with
other railroads.

This waste to be expected. Especial-
ly, the Gulf and Ship Island is essen-
tial to full measure of service by the
I. C., whose progress and enterprise
is a source of gratification to every
one thoroughly familiar with its de-
velopment.

Mississippi is in line for tremen-
dous development, and these develop-
ments will be felt first by our Gulf
Coast section. The Gulf of Mexico
dips its waters so far inland, along
the Coast of Mississippi, that our
Coast is thrown nearer the southern
end of our thickly populated Missis-
sippi Valley.

We have seen every bit of bathing
beach and coast, from Old Orchard,
Maine, to Galveston, Texas, and
there is no bit of beach on the At-
lantic or southern seaboard more in-
viting or more susceptible to develop-
ment.

We are reliably informed by world
travelers that, excepting only some
of the coast in Japan, the Mississippi
Gulf Coast is the only coast in the
wide world where the trees grow
down to the water's edge.

It is to be expected that the Illinois
Central Railway will feature through
its advertising, for many years to
come, Gulfport, Biloxi and Pass
Christian, with their beautiful drive-
ways, trees with hanging moss and
alluring waters for those who fish
and swim.

The I. C.'s purchase of the G. & S.
I. is destined to be the biggest boost
that South Mississippi has ever had.

TUNNELS are always
objectionable and fre-
quently cause delays
in running schedules. Yet,
because of various rea-
sons—extra expense, right
of way, and greater physical
obstacles—tunnels have been con-
structed by all great trunk lines.

In line with its policy of constantly
striving for improvement to its service
by bettering its road conditions, the
Louisville & Nashville Railroad is at
present engaged in the gigantic under-
taking, involving the expenditure of
\$760,000.00 in constructing "fills" to elimi-
nate bridges and ultimately to remove
a tunnel at Muldraugh's Hill, just south
of Louisville.

For nearly a year the work of filling
in two great gorges totaling 1,400 feet
in width and 90 feet in depth has been
going on. The work will not be complet-
ed for another twelve months, but when
the track is laid over this hill it will cut
off a considerable amount of time, and
will materially facilitate operations and
improve the service to the public.

When you are impressed
with statements that the
railroads are earning huge
dividends, ask for authori-
tative information on op-
erating costs and investment
in necessary improvements.

THE OLD RELIABLE

When Winter Winds Blow

WHEN midwinter winds and rain, or sleet, or
snow, play havoc with telephone lines in various
sections of the South, you know that a small
army of loyal telephone workers is striving to keep your
service intact.

Service must be maintained, and whether the dam-
age be in frozen mountain passes or in a gale swept city
on the sea, there will be found the linemen, working day
and night that you may be served.

Through icy streets, or lashing rain, the telephone
operator finds her way to the switchboard, there to weave
the cords of speech which form the network of the na-
tion's commercial and social structure.

The Bell spirit of service which maintains the lines of
communication against all odds, prevails throughout the
year, and your evidence of appreciation encourages the
guardians of your service to even greater efforts.

WORK AND PLAY AT S. J. A.

Game With the Natchez Girls.
Last week-end the Natchez Cathedral High School team, and Saturday night, in the S. S. C. Gym, the Gold Jays opposed them in a very exciting game of basketball. After holding the lead for over half of the entire game, the Jays lost when a Natchez forward rang a goal, just before the final whistle blew. This resulted in a tight-scored victory, 14-15, for the visitors.

The Gold Jays were congratulated by everyone on their sportsmanship as well as their playing. We are afraid that they will become conceited over the many nice things said about them, especially a very complimentary letter from Dr. Kelley, the referee.

Washington's Birthday.

S. J. A. was truly patriotic in celebrating Washington's birthday, even though we didn't receive a holiday for the occasion. Besides writing essays on our illustrious president, a very interesting lecture on "The Father of Our Country" was read, followed by patriotic songs and saute to the flag.

The Sea Sprite.

The work on the Sea Sprite is rapidly progressing. Everyone is contributing with an earnest endeavor to make this year's Annual a success. The business managers are securing "ads," the editors are arranging photographs, while others ponder over new ideas for our book. Since "Genius is 1 per cent inspiration and 99 per cent perspiration," the Sea Sprite should be one of the best books of its kind in the country.

Lent.

Wednesday, the 25th, ushered in the holy season of Lent. Everybody at S. J. A. is determined to make this a season of good resolutions, sacrifice and serious study.

Spring.

Ah! Spring, Spring, dear,
I'm so glad you're here
To see your joyous beauty every place,
Your sunshine dotting freckles on my face,
Your little flowers springing up,
Everyone of them I love.
I can not wait, could not, be more gay.
Scratching sneaker bites all the day.
Everywhere you scatter thrills,
Scatter red bugs and little ant hills,
Scatter doctors' spring-tonsics pills,
Little brooklet now babble, babble;
In the class room hear the rabble, rabble.
Hear us little girls chatter, chatter,
Hear the rain come pattering, patter.
Ah! but 'tis Spring!
In the air it's everything.
What is it that makes all so gay?
Makes us always want to play?
Makes the faculty smile all day?
Guess again, then hear us sing,
"Hip, hip, hooray!"
For good old Spring!" —Agoo, '25.

ALL OUT OF SORTS?

So Was This Good Woman, Who Tells Her Experience.

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with **DR. RAY'S** — a stimulant diuretic. This case is one of many in this locality.

Mrs. Oliver Thurman, 2207 Twenty-second street, Gulfport, Miss., says: "My back ached awfully and I felt tired and worn-out. At times a sharp pain caught me and I could hardly get around to do my housework. My kidneys acted irregularly and I had headaches and dizzy spells. I became nervous also. I used **DR. RAY'S** and they cured me."

The above is not an isolated case. Mrs. Thurman is only one of many in this vicinity who have gratefully endorsed **DR. RAY'S**. If your back aches, your kidneys bother you, don't neglect them. **DR. RAY'S** is the only medicine that cures them.

'BULL' DURHAM

A LONG WAY OFF.

Next to the fallacious about getting a man out of a Kentucky cave, nothing has created greater national interest lately than the attempt of a California religious sect to bring about the end of the world. Now they're busy explaining why it didn't come to an end early in February, when they said it would.

We've got to have something to focus our attention on in America else we would become morbid and possibly revert to revolutionary morbid thoughts. So such predictions as these do no harm, and a lot of people from brooding over other worries. Even here where every fellow is kept on the jump trying to get his own business affairs attended to and to keep the wolf from the door, there is always time to read a few lines about unusual topics that the nation is interested in, and to use them for brightening up conversation when the old subject of crops and the weather grows stale.

But we didn't find anyone worrying whether or not the world would come to an end early in February. If any of our citizens were doing any extra amount of praying, it didn't show on the knees of their trousers, so they at least expect the world to last until the goods get here. From all indications, the prediction got side-tracked somewhere, so it is pretty safe to go ahead and make your spring gardening and clean-up plans instead of taking such dire reports seriously.

Another 'Bull' Durham advertisement by Will Rogers, Ziegfeld, Folies and screen star, and leading American humorist. More coming. Watch for them.

LOOKING at this Bull's picture here just reminds me of the Cattle Business, of which I am still in, in a small way.

Stock on the Exchange in Wall Street was never higher, Stock on a Ranch was never lower.

If a cattleman sold a Steer and they would let him weigh all the mortgages that was on the Steer with him, he would weigh 50 pounds heavier.

One Tenderloin Steak at a Hotel brings more than a Steer.

A quart of milk brings more than the Cow.

A Texas Long Horn brings \$20 and one pair of Horn-rimmed glasses \$25.

A calf sells for \$10 and its brains sell for \$20.

The hide of a Cow brings \$1 and one pair of shoes \$18.

Two sacks of 'Bull' Durham is worth more than the Bull.

The only way to be in the Cattle business is with a picture of one.

LOCAL ATHLETIC ACTIVITIES

The 35-Hand Sharpshooters of Stanlans came into their own last Saturday at the Rock-a-Chow Gym, when they smothered the Cathedral High School team, under a perfect deluge of baskets, and dazzled the visitors by the best display of speed and passwork that they have shown this season.

Due to the sending in of the subs in the second half, the score was kept down, and the visitors allowed to make scores that would have been out of the question with the regulars working. Cathedral's work was very erratic and of very small caliber. It is said that they are not accustomed to the play on an indoor court, and that accounts for their poor showing.

Hunter started the slaughter at the very outset by caging a beauty; Cathedral evens up on next play followed closely by Gordon, who came down the line like a prairie fire and scored one, then on the very next play he repeated. Rainado took a long one, followed closely by Buck Martin. Billy rushed in the limelight again, and later Cathedral scored three from the free line Banville ran the scoring up to 22 as the whistle blew the half. The score then stood 22 to 11.

In the second period the visitors got busy for a while on guarding and it was six minutes before the Sharpshooters tallied; then Gordon, with a free line, started the works; Buck Martin got one and on the next pass landed the sphere to Banville. Buck took a long one and then that Bro. Peter called for regulars in and threw the wreckers into the fray. The second period stood 9 to 1.

Cathedral welcomed the entrance of the Subs and scored three free ones; Buck, who had been left in to pilot the ship, got a free. Cathedral then began to run up. A beauty from the side and another from center of the court boosted the Natchez spirit. Buck edges in one, but could not stem the Cathedral tide. Then the coach cut the leech and out came the Subs. Then the fur flew and Cathedral stopped. Buck Martin, Billy Gordon and Banville cut loose and chased the score skyward with 22 points. The final count being a total of 42 to 22.

The box score follows:

GULF COAST MILITARY ACADEMY NEW HEAD.

The educational circles of Mississippi have been very much interested to learn recently that Dr. W. T. Lowrey, one of the South's most distinguished educators, has resigned as president of Blue Mountain College, Blue Mountain, Mississippi, and has been elected president of the Gulf Coast Military Academy, famous school for boys at Gulfport, for the next year. Colonel R. K. Leatham will still remain superintendent, and Colonel Nat Owen business manager of G. C. M. A., as they have been doing the past years.

Dr. Lowrey has been a college president for forty years in Mississippi. He is known to be an educator of the highest ideals and of a strong personality. He numbers his acquaintances in the State by the thousands and he is one of the South's most distinguished Baptists. For many years Dr. Lowrey has been president of Mississippi College and Clinton and of Blue Mountain College, both Baptist institutions. He is a speaker of unusual force and charm.

Dr. Lowrey's affiliation with Gulf Coast Military Academy will no doubt add to the prestige and efficiency of that famous and progressive school for boys. His host of friends will wish for him continued success in his new educational field.

President Prescott of Union College, Nebraska, has made remarks to young ladies students, as follows: "Skirts not more than nine inches from the ground, elbow length sleeves, close fitting collars and no ruffles on faces." He is making a good bid for notoriety, but a poor play for popularity—at least among the aforesaid young ladies students.

Harry Schwartz, of Chicago, is suing for divorce because his wife fired the good looking clerk who had made his store popular.

Court Comment
A fine voice at our elbow piped: "That's what you call a basket!"

"Ma?" "O, shut up, will you! That's Chief Jones." "Ain't he funny, Ma?" Does he wanta rest in the hall?"

They say that when Old Slueth walked out of that Gym he measured thus up 'so round the chest and even whispered in Foster's ear: "Say, Fos, can't you ring me in on that Chi trip?"

Say, wasn't ye proud of the fight on St. Jo girls put up against that Cathedral bunch! All they wanted was one tiny break—that went the other way.

Dixie may be a Dodge, but no one saw her do that when it came to getting busy on the court against the Cath sextette.

Clotilde, just graduating from the second team, played a star forward over near the basket and dazzled the opposition with her speed.

If Venus could have been near that bunch of Adonises on Sunday there would have been some straw pulling for first place.

The only thing the Sheiks needed were some weird head-dress and Rudolph would have to go "way back."

Doc Jessie Riley worked single-handed part of the time and handled both games in major fashion. This is the first time this season that the court was Watt-less.

The admirable spirit manifested at all times by the students of St. Stanlans is worthy of more than a passing mention. It is a credit for a clean, manly set of boys who are filled with the proper college spirit as a whole and deep affection for each other that arouse favorable comment on all sides at all times.

been president of Mississippi College and Clinton and of Blue Mountain College, both Baptist institutions. He is a speaker of unusual force and charm.

Dr. Lowrey's affiliation with Gulf Coast Military Academy will no doubt add to the prestige and efficiency of that famous and progressive school for boys. His host of friends will wish for him continued success in his new educational field.

President Prescott of Union College, Nebraska, has made remarks to young ladies students, as follows: "Skirts not more than nine inches from the ground, elbow length sleeves, close fitting collars and no ruffles on faces." He is making a good bid for notoriety, but a poor play for popularity—at least among the aforesaid young ladies students.

Harry Schwartz, of Chicago, is suing for divorce because his wife fired the good looking clerk who had made his store popular.

Old Folks' Ailments

"I began taking Black-Draught over fifty years ago and my experience with it stretches over a good long time," says Mr. Joe A. Blake and former Virginia who is now a prominent citizen of Floyd, Texas. "It is the best laxative I know of for old people. A good many years ago, in Virginia, I used to get bilious and I found that

Theodora's BLACK-DRAUGHT

was the best and quickest relief I could get. Since I came to Texas I have these bilious attacks every now and then--a man will get bilious anywhere, but a little Black-Draught soon straightens me out. After a few doses, in little or no time I'm all right again."

Theodora's Black-Draught is a purely vegetable liver medicine, used in America for over eighty years. It acts on the stomach, liver and bowels in a gentle, natural way, assisting digestion and relieving constipation. Sold everywhere.

ABOUT WOMEN.

Mrs. Jacob Jones, of New York, who has just celebrated her 74th birthday, declares that the most required services of a woman are: She has always walked in an open air and recently, at her 34-year-old granddaughter in an endurance hike.

Mrs. Ida McNeal, of Expanse, Saskatchewan, Canada, is serving her second term as president of the Women's Grain Growers of her province. She is considered a high authority on agricultural matters.

Mrs. Thomas J. Nolan has been selected as district leader of the first district of New York, under Tammany Hall, one of the most important political posts in the organization.

Miss Alisa Mani, a Brazilian beauty, has probably the longest hair in the world, which measures 5 feet 10 inches, while she is 5 feet 7 inches tall. She will not have it bobbed.

Miss Annie C. Hill, of London, who started a new branch of the Christian Science church last year in opposition to the mother church in Boston, is working energetically to further the interests of her "rebel" organization.

Miss Genevieve Emerson, of Oakland, Cal., claims to be the first woman to secure a license as an amateur radio operator in the United States.

Mrs. William Lamberer has been placed in entire charge of the women's department of the National City Bank of New York, the largest bank in America.

TRADE IN YOUR TOWN CITY ECHOES.

—Tomorrow, March 1st.
—Easter falls on April 12th.
—Baseball season is at hand.
—St. Joseph's Night is on a Thursday.

—There is no better Aluminum made than Mirro. Big assortment just received at The Bay Mercantile Co.

A meeting of the Episcopal Guild will be held on Tuesday, March 3rd, at 2 o'clock, at the residence of Mrs. Horton.

—For Rugs of all description, go to the Bay Mercantile Co., and whilst there look at our assortment of Naponet and Congoleum Floor Covering in squares or by the yard.

—R. N. Stephens, secretary of the Bay-Wave Land Civic League, has issued notices for a special meeting, to be held at the courthouse, on the evening of Tuesday, March 3rd.

—Do not waste your money on cheap aluminum when you can get Mirro for just a little more at the Mirro agency. The Bay Mercantile Co.

—Mr. and Mrs. E. J. Dubuc spent Carnival day in New Orleans, and were guests at a dinner party given at the Roosevelt Romanque Room, after the ball Tuesday night.

—Mrs. John Harris, who has been visiting for the winter at the home of her mother, Mrs. H. F. Mattox, and family, in Carroll avenue, returned to her home in Atlanta, Ga., Friday morning, with the regret of many in social circles.

—Mr. and Mrs. George H. Penn and attractive young daughters have returned from a stay in New Orleans, attending the Carnival festivities and attending a number of the beautiful balls given Monday and Tuesday nights.

—There is no better way to burn money than to use an inferior unit on your house, barn or garage; buy Devoe or Climatic and you will be using the best that money can produce. For sale by The Bay Mercantile Co.

—After spending several weeks at home, Miss Mary Bourgeois returned to Brookhaven Monday, where she is attending Winterhill College. She is the accomplished daughter of Mr. and Mrs. W. L. Bourgeois.

—Mr. W. J. Urquhart, of Niles, Michigan, registered at the Weston Hotel, continues to enjoy his stay on the Gulf Coast. A letter from his home this week said it was 12 degrees. He will remain for several weeks longer, enjoying the lure and spell of the Gulf Coast.

—City Secretary Sylvan J. Ladd, ever courteous and efficient, has recovered and is up and out again, after a tussle with the grippe, a severe and somewhat unusual case. We are glad to note he has recovered and is able to be at his post again.

—The very latest in Ladies' Low Cut Shoes, Star Brand. Every pair guaranteed. Received each week. The Bay Mercantile Co.

—Among those enjoying the Carnival festivities in Biloxi were Mrs. R. Curtis, Mrs. A. White, Mrs. W. Ritz and Mrs. J. Arguedas. While on their way they stopped at Gulfport, where they were entertained at a luncheon at the Great Southern, by Mrs. R. H. Spencer, of New York City.

—Mr. and Mrs. E. J. Leonard have returned home from New Orleans, where they were called by the illness and subsequent death of Mr. Albert Kalinski, a brother of Mr. Leonard and uncle of Mrs. Horton. They have the sympathy of the community in their loss.

—Judge W. H. Starr had the misfortune of slipping into a hole dug for the placing of a telephone pole, and in catching himself as best he could fell against the thumb of his left hand and sustained a severe fracture and break. Dr. Horton and Dr. Plunkett attended him. It was necessary to administer an anesthetic. The Judge, up and out again, but unable to do any work.

—Election is held today over the county to fill the vacancy caused by the death of Assessor F. C. Bordages, Sr. The four candidates, Messrs. Green, Murphy, Cue and Whitfield, have been actively canvassing the different precincts of the county, and there should be a heavy vote polled. Messrs. Whitfield and Cue are from Bay St. Louis, Mr. Murphy from Logtown, while Mr. Green is from Lakeshire.

—Mr. and Mrs. Adam Lorch returned to New Orleans Monday, after spending a week at their home on the North Beach Front. Mr. Lorch recovering from a spell of illness. It is needless to say his stay on the Gulf Coast was beneficial and he returned home ready to resume the duties of his business. Mr. and Mrs. Lorch have many local friends and their visits are always a source of much pleasure. They plan to be here early for the spring and summer season.

—Parties interested in poultry should not fail to visit J. W. Lizana's place, on the Gainesville Road, near Bay St. Louis, where he has Tancard and Hollywood pedigreed strain and single top White Leghorn baby chicks for sale. His place is one of interest. The public is invited. Mr. Lizana will supply your wants. Telephone 282-J for further information.

—Hoosier Cabinets, white and gray, makes your kitchen orderly and inviting at so little cost; cash or installment. The Bay Mercantile Co.

—Management of the Bay-Wave Land Yacht Club express much gratification over the success of the ball given at the clubhouse Saturday night. The interior was decorated in a manner never surpassed and the attendance large, notwithstanding admission was restricted only to members and their invited guests. The affair was complimentary and noteworthy in every respect.

—Hoosier Cabinets saves, steps, saves time, saves work. Fine assortment just received. The Bay Mercantile Co.

—More than ordinary success rewarded the efforts of the committee in charge of the ball last Saturday evening, given by the First Ward Social Club. At no time and on no occasion was the attendance so large. The club is raising funds to pay for its further completion of the structure, and the financial results of Saturday were such as to go a far way towards reaching this end.

—Mr. Edw. Kalinski, called to New Orleans by the death of his brother, came out to Bay St. Louis yesterday and spent the day with his daughter, Mrs. George S. Horton, and son-in-law, and also visited his mother, Mrs. E. J. Leonard. Mr. Kalinski had not visited Bay St. Louis for many years, and, unnecessary to say, found practically a city built where he had last left a village. He returns to his home in Chicago today. The Echo appreciates a visit from this learned and scholarly gentleman, and a civic leader of his city.

—Now comes the season for Oil Cooking Stoves, Nesco Perfect, Florence Automatic and Red Star Detroit Vapor. The Bay Mercantile Co.

—Coast hotels are filled to overflowing, at least this is the case at Biloxi. Robert Holmes, of New Orleans, stockholder and director of Hotel Buena Vista, at Biloxi, was forced one night this week to spend the night in a bath room, owing to crowded conditions of the hotel and due to the fact that he had failed to make reservations prior to his arrival. Mr. Holmes will know better in future. It is well known the Illinois Central Railroad is bringing many visitors and tourists daily over its newly-acquired G. & S. I. line.

—We have the latest in Low Cut Shoes for Men at a great saving in price and meanwhile fully guaranteed. The Red Star Shoe, sold exclusively by The Bay Mercantile Co.

—Bay St. Louis will at some time profit by Biloxi's experience in putting on a Carnival celebration. First, for the amusement of the stay-at-homes; secondly, to keep the people at home and to attract others to come to our midst. It is estimated Biloxi entertained over 15,000 visitors, a day and night turn-out. Two balls that evening, a king's ball and a queen's ball, under auspices of the Carnival Association, netted the total sum of \$1,248.80, which contributed appreciably to defray the cost of the celebration.

—Wardrobe Trunks and all grades of Valises and Suit Cases at less than New Orleans prices. The Bay Mercantile Co.

Never before in the history of medical science have Deadly Poisons been used so freely in treating diseases as they are today.

Suppose the Pharmacist should make the mistake of using a Deadly Poison instead of a harmless drug in filling your family physician's Prescription. Just think what one seemingly slight mistake on his part might mean to you!

No Pharmacist is fully worthy of the public's confidence and trust that does not know the action of every Deadly Poison on the vital human organs, and who also does not have a thorough knowledge of antidotes, enabling him to know just what to do in extreme cases of poisoning.

In order to safeguard against even the slightest mistake, every poison in our store is Plainly Labeled, kept in Separate Cabinets from Harmless Drugs, and is handled by no one but a Legally Registered Pharmacist.

Beach Drug Store

Phone No. 189.

—We are going to have a great many specials on each Monday hereafter; it will be to your advantage to call and get your share. The Bay Mercantile Co.

—Thursday afternoon marked the completion of paving Main street, the new work extending from Tourne to St. Francis street, and joining the Old Spanish Trail, and the thoroughfare is now open to the public from one end of the city to the other. To say the least, it is an attractive piece of work and significant of the immediate future of the city. It will be noted the "paving" is about 50 feet shy of joining the corner of St. Francis street, this portion to be made into a wide curve and graveled in order to withstand the heavy and constant travel at this point. Bay St. Louisians are justly proud of this decided improvement. The hope is expressed the program of paving will continue and take in the greater portion of the incorporated limits.

—The Echo wishes to compliment the citizens of Bay St. Louis and others who made the success of the entertainment given Sunday afternoon at St. Stanislaus College, when the "Rock-a-Chaw Rumpus" was put on, netting the handsome sum of \$854.00. How so large an amount could have been realized within the space of only a few hours at best is explained by the fact a word of good will and genuine feeling of co-operation exists between both college and public, the like of which has never been equalled. Since S. S. C. is so active a being of Bay St. Louis, the civic spirit, in addition to the personal friendship, played an integral part in putting the enterprise over so big. This amount of money insures Bay St. Louis representation at the National Basketball Tournament at Chicago next month.

—That the Mississippi Gulf Coast is on the eve of an immediate boom is the opinion unanimously shared by all. Bay St. Louis is going to pave most of its city streets, the Bay St. Louis bridge will more than likely be built this year. Pass Christian is carrying out an extensive paving program; Harrison county has already issued two million dollars for a sea wall, and on March 7th an election will be held in Harrison county for the issuance of another million and a half dollars to build and pave more roads and to build a new bridge over Biloxi Back Bay, and last but not least, the coming to the Gulf Coast of the County Central Railroad with a program of expansion. It is safe to predict that next winter Coast hotel accommodations will be inadequate to take care of the tourist trade. Realty values will enhance in value correspondingly.

ST. STANISLAUS COLLEGE ECHOES.

Success.
Sunday showed some people that there is something behind St. Stanislaus to bring a total of eight hundred and fifty-four dollars and some few cents in a one-dayazaar given at the College auditorium. We cannot express our appreciation as we would care to, to the people who freely offered their services and put them into use to bring this day to a great success.

The great blood-thirsty game was the feature of the day. It was played by the prominent citizens of Bay St. Louis. Each player to be eligible had to be recognized by a counsel of men to be in his second childhood. This naturally brought laughter and screams of joy from the spectators, when the teams were told to enter. The first to make its debut was the "Adonises," captained by Mr. J. Larosse, which was followed by the "Sheiks," led by Mr. Albert Jones, more commonly known as the "Big Chief."

Each player on the Adonises team played good brand of ball, likewise did the Sheiks' team, all except their captain, Mr. Jones, who seemed to miss every crisp that could be found on the basketball court. He was the only drawback for the Sheiks. If he could see himself as the spectators saw him Sunday, he would certainly practice goal shooting from dawn to sunrise.

During the half of this game Mr. Shields entertained the audience immensely with several artistic recitations, and reaped loads of applause from everyone.

The day ended by a large dance that spelled the word success, and this word has its mates "on To Chicago."

What the Natchez Team Thought of The Bay.

(By Harold Case.)
Notwithstanding the fact that the two Natchez Catholic High School came contingents did not bring home the large ends of both of the scores in their two games with Bay St. Louis, they returned to the city Monday after splitting a double bill with the Gulf Coast cagers and above all other things with a world of high praise for the royal treatment that was accorded them by the teams and those in charge of the Bay school.

After spending three days as guests of St. Stanislaus College, the St. Joseph Academy, it is easy to perceive why twenty-seven judges at the Loyola basketball tournament, held in Chicago last season, were unanimous in their decision of awarding the sportsmanship cup to the St. Stanislaus Red Rock-Chaw or the "Dixie Flashes," as they were named by Chicago cagers and others, whose hearts they won by their clean above-board playing.

And what is true of the basketball team is also true about every student and every faculty member of the College. They are all red-blooded sportsmen of the first magnitude and both Natchez teams were given fine examples of this sportsmanlike spirit that is prevalent at the Bay schools.

St. Stanislaus College Easily Defeats Natchez, 42-22.

The St. Stanislaus preparatory school basketball team scored a 42-22 victory over the Cathedral High School of Natchez, Miss., here Saturday night and thereby won the Catholic Prep School championship of the State of Mississippi.

The passwork of the St. Stanislaus players bewildered the visitors from Natchez and the local collegians piled up a large score before the upstarters could get started. At the end of the first half the score stood 22-11 in favor of St. Stanislaus.

125 Win Over Natchez Subs.
Bewildered by the class of passing and goal shooting displayed by the Stanislaus "Little Devils," the rangy aggregation from the Bluff City were easily defeated here Sunday morning, 30-17. The crisp combination, favoring to Vege to Lafosse, functioned smoothly and at no time of the game did the locals lead by less than three field goals. The visiting quintette was unable to solve speedy floor work of the home squad, possessed little ability to pass or loop the ball. The individual playing of Profflet and Burke featured for the Natchez five, while the accurate passing of Hermann and Thompson was obviously the best for Stanislaus.

We Wonder Why
Letters are coming from Natchez, Slade doesn't shave his lip. The College boys like the dance Sunday. The plaster fell on Gelo. The Natchez girls liked the College boys, and Mr. Slade. Schex had a date Tuesday. Troups is a "Sheik." Warner doesn't go riding any more. Reading stopped in study hall.

Gelo—That plaster sure did hurt, when it fell on my head.
Bro—It's a good thing it was not concrete.

RUPTURE
EXPERT HERE.

Seeley Co.'s truss expert from Chicago will personally be at the New Southern Hotel, and will remain in Gulfport Saturday only, March 7th. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position, no matter the size or location. Large or difficult cases, or incisional rupture (following operations) specially solicited. This instrument receives the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions." Warning—All cases should be cautioned against the use of any elastic or web truss with under-strap, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. Our representatives will be glad to demonstrate without charge or fee them if desired. Business demand prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.
